

PSYCHOSENSORY INTERVENTION: INFORMED AND INTEGRATED MENTAL HEALTH SUPPORT STRATEGIES FOR THE TREATMENT OF TRAUMA

**KIM
BARTHEL**

MAY 14TH, 15TH &
16TH, 2024

GUELPH, ON

Discover how to effectively address trauma's impact across multiple pathways in this three-day workshop delivered by Kim Barthel, Occupational Therapist and expert behavioural detective!

Uniquely blending psychotherapeutic skills with sensory motor intervention, this course equips health care providers of all disciplines with concrete strategies to treat attachment, sensory processing, postural, and movement systems, facilitating holistic recovery for clients of all ages.
